Berkut I and II

November 16, 2014 by Ratbat

[6:47:03 PM] Oh yes. He wheels himself in front of you and says Dohbriy dyen!

[6:47:22 PM] And smiles with a toothy maw

[6:48:51 PM] Gia the Queen of Mars: I would jump, yelping loudly as I blush, stammering as I nearly fall backwards, replying back in my best attempt of Russian

[6:49:13 PM] Gia the Queen of Mars: “P-privet….”

[6:54:58 PM] “No. Not need for Rassian. I em Berkut.”

[6:55:22 PM] And he lowers his huge airframe down as if to bow

[6:56:23 PM] Only his nose cone and the tips of his wings were white

[6:56:32 PM] Gia the Queen of Mars: My heart skips a beat as I eye him up and down, blush growing deeper at his thick accent. “G-Gia…p-pleased to meet you….” I swallow hard, nervousness still flooding my system

[6:57:10 PM] The rest of him carried red Russian stars of the Air Force of same name on the tail stabilizers.

[6:58:16 PM] Gia the Queen of Mars: “Y-you’re a military plane…I..y-you don’t see you guys and gals very often…especially around this park…”

[7:00:45 PM] : :he wheels closer and you can hear him breathing deep through his intakes.. Like some kind of beast

[7:01:59 PM] :some of his tendrils disengages from a hatch in his belly and snake toward you while the machines nose cone peels back a slow sly smile

[7:02:55 PM] Gia the Queen of Mars: My eyes gaze upwards as he approaches, my nervousness increasing as I listen to each heavy breath. The appearance of his tendrils causes me to jump back a bit, a soft whimper escaping my lips as my eyes widen upon seeing that sly grin

[7:06:09 PM] ” you are single da? I em lookeeng for you for some time. You liek machines, Iz good. I think Dat you would Liek me.”

[7:07:45 PM] : :he comes within a foot of your face and seems to breathe you in deeply:; “I hev find you on the internet, and you want BOYFREIND.”

53 PM] DA?

[7:08:09 PM] Gia the Queen of Mars: “Y-you…how did you…..” My blush spreads as my pulse quickens, beads of sweat forming on my forehead as I gaze around the area, eyes falling back upon the massiveness of the fighter. “Y-yes….I do….”

[7:12:46 PM] :Berkut looked to his left and to his right and could see he was causing a stir amount the regular passers by- mostly civilian . He stares back at you slightly frustrated but his metal features soften . “You hev time? Can we go somewhere? ”

[7:14:14 PM] Gia the Queen of Mars: I stand still for a moment, heart racing faster than it ever had before as I gaze upon the now softened features, breathing a soft sigh as I lightly rub the back of my head, a gentle smile peeking out from my lips. “Sure…w-where do you wanna head?”

[7:15:36 PM] “You say on web thet you are lonely and want sex. I want saem, from human.. From you.”

[7:18:07 PM] : :his tendrils reach and coil around your arms:; you get the feeling this giant flying machine has not much experience with dealing with humans or civilians. He’s either very well suppressed alpha male, or something else is going in.

[7:18:46 PM] Gia the Queen of Mars: A slight gasp escapes my lips as the blunt words escape the Russian plane’s mouth. Every last word – truth about my desperation, my yearning, and here, before me this massive machine, trying to seduce me….admits he is just as needy. “S-sex!?! I…..hnngh…” I squeeze my legs together as my gaze drifts to the surrounding area, one hand lightly slinking down to caress my thigh

[7:19:42 PM] : :he pulls you against the underside of his dark airframe where more tendrils deploy and further press you against his body.

[7:22:55 PM] Gia the Queen of Mars: A louder gasp escapes my lips followed by a gentle whimper as I feel the cold metal tendrils pressing me to the underside of the fighter, legs wrapping to his sides for stability “A-aah~ I…Berkut….”

[7:27:17 PM] :Berkut moans deeply feeling you against his warm frame before a heavy blast of wind and grass were kicked up into the air . In a haste you leave the ground, but not very far off.

[7:28:23 PM] :you are taken to large storage area where it’s quiet and the random foot traffic of pedestrians is left far behind

[7:29:08 PM] : Getting late in the afternoon, people here would not be coming back for a time.

[7:29:23 PM] Gia the Queen of Mars: In an instant I whimper, clinging to the fighter jet in sheer terror, only to peek open one eye, glancing around as we suddenly move. Upon arriving, I keep a close grip on Berkut, heart racing still as rest my cheek agaist his underbelly

[7:32:53 PM] : Unceremoniously you are set upon your feet. You couldn’t tell but he had rested his mechanicle claws over your ears to protect your hearing.

[7:33:51 PM] : “Hh I Em Sorry, Flight was short, no need for you in Cock pit”

[7:35:15 PM] Gia the Queen of Mars: “T-that’s fine….was terrifying…but…k-kind of fun..” I stand up, still blushing as I adjust my shorts, noticing a slight wet-spot growing between my legs. “M-much quieter here….”

[7:39:37 PM] : :Berkut smells your pheromones and hisses slightly, his tendrils don’t retract at all. Even though his engines spool down and the sound growing silent, the air sucking into his intakes like the breath of an excited beast reach a fever pitch. ” Ahh- I En soo Heppy You Liek me, yes- you body reeackts! Yes, we hev sex! Right here!!”

[7:40:37 PM] : :he boosts you up a foot to reach the tip of his fangy aircraft mouth and his young laps against your lips::

[7:42:01 PM] ::with a quick motion he slips it into your mouth filling you with the taste of aluminum and warm lubricant:

[7:42:57 PM] :like a real kiss- he gently tongues you paying heed to your need to take a breath every now and then:

[7:43:31 PM] “You Leik Machines da?”

[7:43:48 PM] Gia the Queen of Mars: A muffled moan escapes around Berkut’s tongue, my eyes widening and quickly drooping to half-lids as the warm lubricant mixes with my own saliva, the taste lingering as I slowly return the tonguing, my chest rising and falling as I go, the blush deepinging” D-Da…Y-yes….s-so much…mmh~”

[7:50:31 PM] : :as suddenly as you were put back on your feet,the tendrils grip and coil around parts of you peeling your offending clothes away revealing plump supple flesh. the machine hungered to kiss, , fondle and rub against that skin. And you hear him drool in his voice, “Ughnm woman, so niece!” :smiled the jet:

[7:52:25 PM] :he herds you into an open warehouse where it's semi lit and lowers down on his landing gears now a mere 6 feet from the the the ground

[7:53:20 PM] Gia the Queen of Mars: "Gyah!!" I squirm as my clothes were effectively peeled away, my first instinct reaction to cover up until I hear that thick Russian accent speaking once more. I lower my arms from over my chest, looking from his nosecone down to the floor and back up again. "Y-you like...plump girls?" Before any reply I would be herded into another building

[7:53:25 PM] : :tendrils snake down the front if your chest and belly as clothes are pulled and popped off before being angrily tossed asside.

[7:55:09 PM] Gia the Queen of Mars: Soon I stand before the Russian jet, naked as the say i was born, soft curves exposed to the warm summer air as I bite my lip nervously, the sudden shedding of my clothing having gotten me aroused even more as the darker flesh of my nipples would appear hard
[7:55:16 PM] :he then presses your full figure against his warm airframe while a mechadendrite glides against your opening to feel how wet you are:

[7:57:13 PM] : :your distracted by more of these appendages that spring forth, one of these -looking like a probe for insertion. It radiates heat and drips small soft ropes if silvery fluid
[7:57:21 PM] Gia the Queen of Mars: "A-aah! Hnnnhh...B-Berkut!" I squirm at first, clinging to the underside of his body, the sensitive flesh of my nether lips and clitoris twitching in response to the mechadendrite, slick juices coating it

[7:59:03 PM] : :he arches to look back at you, finally grasping his prize , and lifting his offending tentacle to taste your slick human fluids from the tip.

[8:00:35 PM] Gia the Queen of Mars: I pant softly, my chest heaving up and down as I gaze up at the Ruski jet, a gentle smile spreading across my lips as my toes curl whilst in his grasp. "D-do I taste...g-good?"

[8:00:57 PM] : "So good. I em heppy you Liek Berkut. Yes, I desire that you will Cum with me.

[8:02:55 PM] Gia the Queen of Mars: "I....c-cum with you? Oh, p-please....please c-can I?" I shiver softly, my body responding to yours in unimaginable ways as I hold you as close as I can, my wet, hot entrance dripping juices down my thigh

[8:05:26 PM] : :thick impossibly strong tendrils lap and pull at you. Your thighs and clit found Beneath your plump belly now have tendrils rubbing and stroking the more sensitive bits. You couldn't have noticed before, but the throbbing black airplane cock the sukhoi had in mind to pleasure you with was now kissing your opening.

[8:08:11 PM] : :he growled and slid your wet thighs against his body now savoring your heat against his own.

[8:08:30 PM] Gia the Queen of Mars: My eyes would immediately clench shut as the tendrils would rub and stroke over my clit and nether-lips, juices coating the cool metal as I would feel the smooth tip of what seemed to be a thicker tendril, this one almost like a probe, at my slick entrance prodding against the folds of flesh to get inside my warm, wet passage. "Oh yess.....it feels so good...."

[8:09:15 PM] But his thick member would not be denied. The lonely experimental fighter had waited much too long to have his "first" sexual encounter

[8:11:06 PM] :you felt his body reverberate with the rumble of his twin engines deep Beneath his metal skin.

[8:11:16 PM] The vibration was nice.

[8:13:51 PM] : Suddenly you felt the tip of the machines cock drip like a faucet coating you in slick pre before spreading your thighs for him and pressing into you.
[8:14:09 PM] Gia the Queen of Mars: I would moan louder, whimpers escaping between heavy breaths as the heavy vibration would wash over my body like a wave, the thick cock pressing further into my slit, stretching me bit by bit as I clung to his underbelly, my enterance clenching and relaxing around the fighter's thick member "Hnn....B-Berkut....f-...m-make love to me!"

[8:14:37 PM] With a hard deep moan the jets throbbing machine-hood disappeared inside you excitedly

[8:15:17 PM] The thrusts started out slow moving to the rhythm of the gasps taken through berkuts intakes.

[8:16:20 PM] : "You will Leik me much more. You will only want Rassian aircraft. :huff::yes!! You will want only me!! ::pant::

[8:16:04 PM] With his tendrils he pushes and kneads your plump breasts with their hard nipples vigorously. Tendrils all over! Under your plump rolls, loving and massaging you in strange ways.

[8:19:05 PM] Gia the Queen of Mars: A sharp gasp rolled off of my tongue, quickly followed by loud pleasured moans as I felt the thick cock thrust in and out of my tight passage, my body rocking back and forth with each pull and push the fighter gave, feeling the kneading as he went, my arousal growing by th second

[8:22:44 PM] : :your ass cheeks are grabbed vigorously and Berkut's dark airplane cock picks up speed lovingly thrusting and hosteling into you. His hot Precum spilling endlessly deep inside you. It drips out of you with each thrust and he cries out in a thick accent "Ugh! It feels good!! You are Mai first !!"

[8:26:03 PM] Gia the Queen of Mars: Pleasure filled whimpers would ebb from my lips as the fighter picked up speed, the hot pre flooding my passage as a shiver travels up and down my spine, warming my body up even more as with each deep rut inside of me, more and more spills out, leaving a puddle on the floor. "F-fuck, you cock feels amazing!!!!" The sleek black cock would continue to ram in and out of me, the curve of it allowing the tip to rub against my g-spot with expert precision

[8:36:39 PM] : :smaller dendrites slither to the sides of your rosey cheeks as a lover holds the face of his woman in his palms and move with the rhythm he has set upon you. Claws dipping into your mouth and resting on your tongue. As if his play wasn't enough, you feel a dendrite move up your leg to attack and suck at your clit while the fighter writhes pounds into you

[8:38:55 PM] : His landing gear squeaks and the servos in his body whir with excitement . He's rocking back and forth and practically bouncing his whole airframe up and down on his wings

[8:42:13 PM] : So much fluid had filed your womanhood and crack the force of Berkut's penetrations make a wet squelching and familiar ((slapslapslap)) noise

[8:42:17 PM] Gia the Queen of Mars: A loud cry of pleasure fills the air as I shiver and twitch against him, the hard, deep thrusts bringing me closer to orgasm at a rapid pace. I nuzzle my cheeks against his claws, my tongue swirling around the one digit as I moan his name almost breathlessly

[8:43:26 PM] : He beckons to you, " you are my maete!! It feels good yes?? I want to bond! "

[8:46:23 PM] Gia the Queen of Mars: "Y-you feel wonderful Berkhut!!! I w-wanna cum so badly!" I cry out again, whimpering and moaning as loud as possible as my body twitches and throbs with each thrust, tease and suck as my slit drools a mix of both of our arousal fluids, orgasm threatening to hit at any minute

[8:59:23 PM] : :Berkut shivers and you can hear and feel his air frame straining and creaking like scaffolding under heavy weight as he bends and throws his nose cone into the air crying out in deep ecstasy . His tail seeming bouncing along and his wings ailerons and tail stabilizers bending in reaction to the wonderus joys he feels

[9:00:42 PM] : With a near complete connection to the nerves in your clit and vagina and hips and lower spine he takes his neural feedback sensors and drives it back into you so that it washes up your spine like hot fire

[9:01:06 PM] : "yes!yes! Cum with me female! "

[9:02:47 PM] : :moaning and panting and slapping, his twin lyulka AF engines spool up as if to scream along side himself as he rides your tender female bits- your tight hot well.

[9:03:14 PM] : "I feel good DA??! Tell me!! I feel good yes?!"

[9:03:48 PM] : "Cum my female! Hrghn!!"

[9:03:57 PM] Gia the Queen of Mars: Almost simultaneously I toss my head back, almost unable to contain how pleasurable every second was as with that burning hot sensation suddenly washing over me, I let out a loud moan, louder than any before as a deluge of my juices begins to flood from my vagina, my legs, thighs and netherlips twitching and spasming around the fighter's thick member, my orgasm hitting hard as I grip Berkut's sides "OH FUCK YESSS!!!! CUM IN ME, MY LOVE!!! FILL ME WITH YOUR LOVE!!"

[9:10:40 PM] : :tentacles squeeze your fat thighs and ass as the Sukhoi combat fighter rears back and shrieks . :all of his tendrils suddenly stiffen and his airplane cock engorges into a throbbing mass of steel you have just squeezed like a vice. He explodes hard, filling you with thick ropes of sukhoi cum bringing him to his forward wheel. His whole body shaking as he savors your orgasm as well as his own

[9:11:01 PM] : "GnuuuahhhGH!! AhhhAHHHH!!"

34 PM] : :Berkut orgasms long and hard into your soft body- what feels like a whole minute:

[9:12:08 PM] : you can't escape, you are locked in his grasp seeing his wings shake and his fangs clench

[9:12:19 PM] : Faaackk!! Yes!!!

[9:14:12 PM] Gia the Queen of Mars: My body trembles heavily, a deluge of his hot Ruski cum filling and spilling from my entrance as I cling to him tightly, my hest heaving up and down as I savor the fighter's intense and heavy orgasm, breath heavy upon his underbelly. "H-hhnnghh...B-Berkut...~"

[9:14:42 PM] : After a time the jet black filthy machine slumps over , and pants ever so softly through his intakes. His dark optics shut tight as if to savor this moment- and you, like the best moment he has had yet

[9:16:27 PM] : :a tendril or 3 caress the back of your head from though your hair: and he cranes to see you in his sights.

[9:16:28 PM] Gia the Queen of Mars: Still coming down from the intensity of my own orgasm, I close my eyes closing to half lids as the warmth of my afterglow begins to set in, my body and the fighter's as one, feeling his warmth adding to mine

[9:17:46 PM] : "Iz good you Liek machine. Rassian machine. " :he cooed::

[9:18:35 PM] : "Now you have male, now you are not lone."

[9:19:16 PM] Gia the Queen of Mars: "I....I love ma- I love machines....An...and I love you...." I smile softly, nuzzling up against the fighter's body. "And neither are you~"

[9:21:01 PM] : :he looks at you from the corner if his dark non human eyes and smiles a huge fangy military aircraft smile in agreence.

[10/19/14, 5:15:55 PM] RATBAT: he pulls away from your kiss and looks to the BTR and demands that he “fuck my woman. Fuck her.”
[10/19/14, 5:16:18 PM] RATBAT: the Apc gets wide eyed, “D-da!”
[10/19/14, 5:16:29 PM] Gia the Queen of Mars: O//////////////O god hearing hims say that I’d probably get even wetter

My eyes practically rolled back in my skull as I felt a rush of warmth crash over me in waves as my body relaxed, a flood of silvery juices erupting around the BTR-90’s cock as I screamed towards the heavens, my entire being trembling heavily as I cum hard and fast
[10/19/14, 5:39:24 PM] RATBAT: the BTR-90 grabs your hips and butt and presses you against him, continuing to thrust until every last drop of his sexual heat has poured into you and his tip pulses and throbs inside with nothing coming out.
[10/19/14, 5:41:17 PM] RATBAT: he pants over you repeating “Я чувствую себя хорошо.” “I feel good! “I feel so good!”

[10/19/14, 5:46:32 PM] Gia the Queen of Mars: I gasp and moan loudly as I’m grabbed, the sudden empty feeling as the BTR pulls free, now replaced by love beyond measure from Berkut, as I coo gently, holding myself to him
[10/19/14, 5:48:47 PM] RATBAT: unable to contain his own need… he slides you down the length of his own airframe and forces his own swollen steel into your stretched and numb, but still eager pussy.
[10/19/14, 5:49:21 PM] RATBAT: your pussy still slick with the silvery load of the APC, Berkut does not care.. he uses that “other” machines juices to full effect and fills you..
[10/19/14, 5:49:29 PM] RATBAT: Letting you know who is still the best
[10/19/14, 5:50:55 PM] RATBAT: You can practically feel his frustrated excitement through your fingertips
[10/19/14, 5:51:36 PM] RATBAT: Berkut screams with passion, and pounds away at your pussy
[10/19/14, 5:52:01 PM] RATBAT: His own engines spooling up to a higher pitch.. the the point your ears may need to be protected again..
[10/19/14, 5:52:01 PM] Gia the Queen of Mars: Immediately I cry out, clinging tight to my Russian warbird, feeling my tight passage tightening up more as the APC’s cum and Berkut’s thick cock fill me full, pleasured cries flood the air with each thrust
[10/19/14, 5:52:38 PM] RATBAT: the clean and soiled BTR-90 could only look on at this spectacle and smile..
[10/19/14, 5:53:36 PM] Gia the Queen of Mars: mmmh~
